CVSan Environmental Leader Scholarship

INTRODUCTION

Castro Valley Sanitary District (CVSan) has an ambitious plan to reduce the amount of solid waste sent to landfills and achieve Zero Waste (90 percent or more diversion from landfill) by 2029. To achieve this goal, CVSan strives to provide best practices, education, and school and community programs on recycling and reducing waste. In 2013, CVSan developed the CVSan Environmental Leader Scholarship to recognize students who are helping their school and community to reduce waste and foster sustainability by utilizing the tenets of the 4Rs: Reduce, Reuse, Recycle, and Rot, as well as other environmental protection concepts and practices. The Environmental Leader Scholarship is intended to foster environmental stewardship and the leadership of students who are taking action to encourage environmental awareness within their school and/or in the community.
